

IN THE SPECIFICATION:

Please replace the paragraph beginning on page 22, line 24 and ending on page 23, line 6, of the specification with the following:

Pl --Figure 12 illustrates a showerhead 186 mounted to chase wall 198. Push button 190, which corresponds with one of the push button assemblies P, is in electrical connection with control box 192 through electrical leads and plugs as earlier described. Solenoid operated valve 194 is likewise an electrical connection to corresponding means with the control box 192 in order to permit water to flow from line 196 to showerhead 186. The valve 194 may be manufactured by James Hardie Industries Group as Model #700.75.--
